

800cc Disposable Canister

a new medical suction product available from BlueSky Medical

Medical Disposable Canister

Features

- ◆ 800cc Capacity
- ◆ Clear Outside
- ◆ Mechanical Overflow Protection
- ◆ Pour /Sample Port

Finally....

An easy to find suction canister that is 800cc for those smaller situations that don't require the expensive larger containers. The container can be filled with sterile water in proportion to expected drainage. In the event of unexpected drainage, suction would shut-off.

The BlueSky Canister comes fully assembled and quality controlled. Testing includes ensuring the overflow mechanism operates and the container holds suction properly.

This is the finest suction canister available. Contact BlueSky Medical today to learn more about this canister and our full-line of suction products.

Kremlin™ Wound Drainage Kit

Convenience Kit Designed to Drain Wounds

Kremlin™ Wound Drainage Kits Contain:

- Wound Drain made of 100% silicon
- Suction Dome/Breast shield
- Connecting Tubing
- Stopper
- Stretch garment

Finally....

There is a choice in wound drainage kits. BlueSky Medical offers the Kremlin™ Wound Drainage kit that contains components that you need to drain some of those difficult wounds. Pioneers in Russia were instrumental in use of localized negative pressure in draining some difficult wounds. Now Kremlin Convenience kits are available to meet your needs.

Drainage with the Kremlin kit is periodic in nature. Suction is applied for distinct periods of time versus being applied continuously.
